### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b><u>Compulsory</u></b> REVISION comments	In the results section table:4 it seems that total summation values of costs of cultivation per hectare for both tray and mat methods were incorrect which were highlighted in red and green portions and thereby B:C ratio's also change accordingly for both methods. Authors must once again go through these values and justify them properly.	I have corrected
<b><u>Minor</u></b> REVISION comments	<ul style="list-style-type: none"><li>➤ Some correction of grammatical errors and sentence rephrasing must be done that were highlighted in yellow portions as indicated in the manuscript .</li><li>➤ Materials and methods section needs to be corrected as per the comments highlighted in the manuscript.</li><li>➤ Addition of more review of literature is preferable in the discussion section.</li></ul>	Carried the corrections as mentioned
<b><u>Optional/General</u></b> comments	<ul style="list-style-type: none"><li>➤ The objective of study was well chosen by authors, which is having good practical utility at field level.</li><li>➤ Experiments were conducted in a systematic and well defined manner.</li><li>➤ Manuscript overall was well written</li><li>➤ The manuscript can be accepted for publication after addressing to the important suggestions mentioned above.</li></ul>	Thank you sir/Mam
