PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	It is hard to understand so many different fertilizers, maybe in a List or Table? Conclusions could be improved, described results obtained and its relevance and significance. There are 9 of the 18 references older than 10 years, maybe in the case of the classic books, there are new revised editions. The article is very summarized.	Am so grateful for your review. necessary corrections was done as per your suggestions .
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<u>(If yes, Kindly please write down the ethical issues here in details)</u>
