

Review Form 1.6

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_85853
Title of the Manuscript:	Relationship Between Weather Variables and The Corynespora Leaf Spot Disease in Soybean
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijecc.com/index.php/IJECC/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Comments are being added in the main text. Author is requested to see and rectify accordingly.	Noted
<u>Minor</u> REVISION comments	There is room for more References to be included. Arrange according to the APA style.	Done
<u>Optional/General</u> comments	The incidence and identification of pathogen claimed is not reported anywhere in the manuscript. I suggest to write a portion in methodology about the identification of pathogen. Also figures and pictures of leaf spot on soybean are missing. Addition is required . No mention of Competing Interests by the authors. Thus they are advised to incorporate this section.	Done

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
