<b><u>Compulsory</u></b> REVISION comments	Authors are to be commended for their excellent results in the said caseThe case has some interesting findings. There is mention of "differential diagnosis of acute abdomen"in the discussion. However this is not evident in the case report. Please clarify.  Discussion seems to be focussing on ascariasis. However , only one small focus of ascariasis is mentioned in case histology. Ascariasis is endemic in the region. was a slide review done for possible error in histopathology at first instance. Is it not possible for the tumor to have shown "complete response" to the oral capecitabine that was administered. How long was this patient followed up . Need more info on the correlation between Carcinoma colon and Ascariasis ( Both positive and negative)	<b>Comment accepted and considered</b>
<b><u>Minor</u></b> REVISION comments		
<b><u>Optional/General</u></b> comments	Some sentences in the manuscript need correction for grammar and incomplete sentences.
