### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijmpcr.com/index.php/IJMPCR/editorial-policy> )

### **PART 1:** Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b><u>Compulsory</u></b> REVISION comments	The revised work is well structured, concrete, a clear and technical expression is used. The author shows good preparation and is documented on the case he studies.	Thank you
<b><u>Minor</u></b> REVISION comments	The third paragraph of the Discussion is part of the introduction and should not appear here. Reorder citations in the text according to bibliography order. Bibliographic citation 4 and 10 do not appear in the text.	The third paragraph was placed in the introduction. The bibliography order was checked.
<b><u>Optional/General</u></b> comments	We consider the work to be very complete, with excellent writing and treatment.	Ok.

### **PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<u>(If yes, Kindly please write down the ethical issues here in details)</u>	No ethical issues in the manuscript.
