

## Review Form 1.6

Journal Name:	<a href="#">International Journal of Medical and Pharmaceutical Case Reports</a>
Manuscript Number:	Ms_IJMPCR_85913
Title of the Manuscript:	Transient biventricular dysfunction following pericardiocentesis for cardiac tamponade
Type of the Article	Case study

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijmpcr.com/index.php/IJMPCR/editorial-policy> )

### **PART 1:** Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b><u>Compulsory</u></b> REVISION comments	<b>Good case</b> <b>Lot of grammatical errors in manuscript</b> <b>I have the following queries.</b> <b>1.Pericardial drainage was done for how many days?</b> <b>2.what was the initial pericardial pressures at the time of pericardiocentesis?</b> <b>3.what is the assumed time of pericardial fluid collection in this patient?</b> <b>4. images of the case would have been more informative.</b> <b>5. different fonts were seen in the manuscript – which clearly shows that the matter was copy pasted from the other document – times new roman, calibri, references are in different font.</b>	The pericardial drainage was done for one day. The pericardial pressures were high. The assumed time of pericardial fluid collection was about two weeks. The font of the manuscript and references were checked.
<b><u>Minor</u></b> REVISION comments		
<b><u>Optional/General</u></b> comments		

### **PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>	No ethical issues in the manuscript.
