PART 1: Review Comments

	Reviewer’s comment	Author’s comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<p>The article presents very interesting results of the application of zeolite and its effect on the crop yield, under the rainy season scenarios, where they are also scarce.</p> <p>The experimentation of soil improvers, to raise the pH for example or as a supplement to nutrients that the soil sometimes does not have available for the plant, continues to be a challenge for soil science and its relationship with food production.</p> <p>The article seems to me in general well-structured and with interesting results to be published.</p>	<p>I Am grateful for your consideration of this manuscript, and I also very much appreciate your suggestions, which have been very helpful in improving the manuscript. I also thank the reviewers for their careful reading of our text</p>
<u>Minor</u> REVISION comments
