

Review Form 1.6

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_78804
Title of the Manuscript:	Effect of different levels of irrigation on yield and yield attributes of Marigold crop (Tagetes erecta L.)
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijpss.com/index.php/IJPSS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	I appreciate that the entire article needs to be carefully reviewed by the authors, otherwise its publication is not recommended. There are many problems as regard as the information organization. For instance, some data are missing from the Materials and Methods (e.g. some indicators), but they are discussed in Results section. In the same time, to be clear understand by the reader, as I said before, the entire article should be reviewed. All my recommendations will be found on the manuscript.	Modified as suggestion
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
