Compulsory REVISION comments	<p>Please revise the English language over the entire article – "do not give focus", "requirement of boron differ in different", "This experiment was conducted at of Bangladesh Institute", "judicial fertilizer" and many others – check and correct. Also, pay attention to the punctuation marks.</p> <p>Use the same units for the entire paper – kg/ha or kg ha⁻¹?</p> <p>Figure 2 – axis title is missing and the photo looks weird. Figure for – the photo is cropped at the bottom.</p> <p>References are not well presented. Correct them in the text, by using "," and ";", where needed. Also, arrange them in the right order at the end of the paper.</p>	<p>Suggested words have been revised except "judicial fertilizer". Judicial fertilizer means amount that is necessary/required without misusing a gram of fertilizer. Hence it is more suitable in the sentence.</p> <p>"kg/ha" has been used in the entire paper.</p> <p>Fig. 2 is fine and nothing is missing it. May be the word file which you reviewed had broke down thus it wasn't visible. But, in the main file it's clear and fine.</p> <p>References in text and reference part will be revised during final formatting of the article.</p>
