PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	few modifications are needed 1. p- value analysis is required (statistical analysis) 2. Bartlett's earliness index should be calculated using the formula denoted in methodology. 3. Legends should be available in caption with all data sheets/tables. 4. References may be arranged(a-z)	1. Changes in p-values are done and are mentioned as per the earlier published papers in the IJPSS. 2. Bartlett's index is calculated using formula mentioned in methodology. Values are checked and found correct. 3. Legends are added with tables where ever necessary. 4. References are arranged with numbers in order as they appear in the text as per authors' guidelines available in website of journal.

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)	Arranging references alphabetically is against the IJPSS guidelines. Hence, said corrections are not done although it was asked in comment.
