

Review Form 1.6

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_85098
Title of the Manuscript:	Effect of preplant application of post emergent herbicide glyphosate on the events of germination, growth and biochemical composition of blackgram seedlings
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijpss.com/index.php/IJPSS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<p>The methodology requires more details about the protocols used to measure the seedling parameters that were captured during the experiment. In addition to providing the reference for original methods of measurement, a brief description of these methods should be put into the paper, including the make and model of any instruments that were specifically used by the authors.</p> <p>The authors need to carefully proof read their paper. There are numerous grammatical errors throughout the text that are distracting and need to be corrected.</p>	<p>Detail protocols were included in materials and methods part. Grammatical errors are corrected</p>
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	<p>The information in the paper is interesting and should be very useful.</p>	<p>Thank you for your valuable comments</p>

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<u>(If yes, Kindly please write down the ethical issues here in details)</u>	No
