

Review Form 1.6

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_86047
Title of the Manuscript:	Response of different levels of Nitrogen and Sulphur on production and Economics of Sunflower (Helianthus annuus L.)
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijpss.com/index.php/IJPSS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	-The introductory part of you manuscripts is not well organized and lacks consistent flow of the idea. Please rewrite it by incorporating background, statement of the problem, brief review of work done on the topic, justification/rational for doing the study, and objectives of the study.	I had made some of the changes in introduction part. Changes like sulphur to sulfur cant not be done because my whole thesis lies on it.
Minor REVISION comments	Conclusion manner is not satisfactory and revisit it indicating your major findings and future research work should be open the way to other researchers to conduct further research).	I had rewritten it.
Optional/General comments	- Overall many citations existed in the text which were not referred at the reference section. Please check it again?	ok

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<u>(If yes, Kindly please write down the ethical issues here in details)</u>	NO
