

Review Form 1.6

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_87074
Title of the Manuscript:	Effect of plant growth regulators on growth parameters, biochemical studies and yield of mustard [Brassica juncea (L.) Czern & Coss.] under sodic soil
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<p>In the manuscript entitled' Effect of plant growth regulators on growth parameters, biochemical studies and yield of mustard [Brassica juncea (L.) Czern & Coss.] under sodic soil'</p> <p>Some numbers of issues in manuscript should be address:</p> <p>1- Abstract:</p> <ul style="list-style-type: none">• The author should be removing the paragraph (The present investigation entitled “Effect of plant growth regulators on growth parameters, biochemical studies and yield of mustard [Brassica juncea (L.) Czern & Coss.] under sodic soil.” was conducted during the Rabi-2018 at the Main Experiment Station, Narendra Deva University of Agriculture & Technology, Narendra Nagar, Kumarganj, Ayodhya.) from the abstract and write in a brief about : the Brassica J. , the method of the present study then the significant results and finally the conclusion of what the author find.• The study design (The field experiment was laid out in randomized block design with seven treatments and three replications) should be present in the method section. <p>2- Introduction:</p> <ul style="list-style-type: none">• It is prefer to write the introduction briefly and support it with relevant ref. <p>3- Methods:</p> <ul style="list-style-type: none">• (Take 1 ml supernatant, 1ml H2O2, 3 ml phosphate buffer. Keepit at 370C for 3 minutes in water bath, take 1ml + 3ml (K2Cr2O7.CH3COOH). Keep in water bath for 10 monutes, take O.D. at 570 nm. Express result as enzyme unit gram-1 freshweight or gram-1 protein basis). The author should rewrite this paragraph. <p>4- Conclusion:</p> <p>The author should rewrite the conclusion regarding to the current study.</p>	<p>All the necessary corrections were done as indicated</p> <p>All the necessary corrections were done as indicated</p>
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
