PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Diagrammatic presentation if possible will make the interpretation more analytical and competitive. The parameters used in economic constraints must include (farm and non-farm income) day to day income of farmers, daily expenses, cost of production, postharvest management expenses. Cabbage is perishable crop and seasonal, so major constraint must be market infrastructure including logistics. Some farmer collectives markets and other innovative measures like SHGs or FPOs carrying marketing activities for bulk produce of crop must be initiated. Please come up with one paragraph a hypothetical measures (a schematic flow) on marketing activities for bulk produce of cabbage by SHGs, Cooperatives or FPOs in Meghalaya, Cabbage growers in the East Khasi Hills district.	Amended revision Correction made accordingly Revision made Done
Minor REVISION comments	No	
Optional/General comments	No	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
