PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	In my opinion the article is very interesting and the experiment is well conducted. I believe that this paper should be accepted for publication, but only after major Revisions. Here is the list of the corrections that need to be made: Carry out major revisions mentioned in the article Follow journal formatting style Abstract Need to improve the abstract and conclusions Introduction Authors should rewrite the introduction with recent references and add the goal from this study in the end introduction. Materials and methods One season is not enough to study the interaction between sowing time and cultivars !!! Results: Authors should more discuss the results section. Why didn't authors show interaction between Sowing time and cultivars? Authors should add interaction. In results and discussion, one needs to support his findings with recent literature references. References: Most of the references in the manuscript are old. Include recent references in the revised manuscript.	Comment accepted and considered
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
