**PART 1: Review Comments**

	Reviewer’s comment	Author’s comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<b><u>Compulsory</u></b> REVISION comments	<p>This manuscript does not discuss the results obtained, it does not explain the reasons for the results and the relationships, therefore, I suggest the authors add a couple of discussion paragraphs with other papers.</p> <p>The manuscript is interested. However, there are some comments that should be considered before publication, in this way the scientific quality of the manuscript would be improved.</p> <p>Authors should consider the corrections suggested by the reviewers. In this way the postulated manuscript would be presented reasonably, fluently reading.</p>	<p>The manuscript has been corrected and the results are explained. the couple of discussion paragraphs are not included because the part is not related to the current research.</p>
<b><u>Minor</u></b> REVISION comments	Suggested citations are for genuine scientific reasons that emphasize the current topic of study in context	
<b><u>Optional/General</u></b> comments
