

Review Form 1.6

Journal Name:	International Journal of Research and Reports in Hematology
Manuscript Number:	Ms_IJR2H_77872
Title of the Manuscript:	Comparison of the Effects of Pas III Added and Pas III Unadded Donor Platelet Suspensions on Platelet Count Ph and Allergic Transfusion Reactions
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Title: Comparison of the Effects of Pas III Added and Pas III Unadded Donor Platelet Suspensions on Platelet Count Ph and Allergic Transfusion Reactions. Only PAS III added donor platelet suspensions are included in the study. PAS III unadded donor platelet suspensions have not been studied. Comparison has not been done. This is a study of one group only, that is PAS III added donor platelet suspensions.	Dear reviewer, Yes, this study only includes PAS III added donor platelet suspensions group results.
<u>Minor</u> REVISION comments	Conclusion: It is concluded that there is reduction in severity of transfusion reactions. In the study, no transfusion reactions were observed.	Dear reviewer, We can encounter transfusion reactions in clinical practice. Since we did not see a reaction in our PAS III added donor platelet suspensions population, we reported our results in this way.
<u>Optional/General</u> comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
