### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijr2h.com/index.php/IJR2H/editorial-policy> )

### **PART 1:** Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b><u>Compulsory</u></b> REVISION comments	<b>a. Kindly categorise your abstract into 1. introduction 2. Method 3. Result. Conclusion.</b> <b>b. How was your sample size determined?</b> <b>c. Provide a statement on participants consent.</b>	a. This has been done and highlighted in yellow b. This was challenging as we don't have data on the "prevalence" in our locality. Hence a cross sectional method was adopted. c. This was already done but now highlighted in yellow
<b><u>Minor</u></b> REVISION comments	a. Include table 3 in your narrative don't just say the table shows. Be specific b. Kindly do lots of proofreading of the manuscript	a. This has been done and highlighted in yellow b. Thanks, I hope to effect this when the galley proof is ready
<b><u>Optional/General</u></b> comments		

### **PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
