Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijrrd.com/index.php/IJRRD/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	From the thus formulated goal does not give is not complete with the information provided. The introduction is too short. The exact criteria for selecting articles as well as exclusions must be included in the material and methods. Only the total number of reviewed articles becomes clear. The results and the discussion should be divided or presented as separate sections.	We would be really grateful if you could please explain to us further the first sentence of your comments and we will surely make the corrections as soon as possible. The introduction was enriched as proposed in the main text. The exact criteria were also corrected. Results and discussion were separated.
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
