(<https://www.journalijrrgy.com/index.php/IJRRGY/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	All prevalence word should be changed to incidence	Prevalence is more appropriate being a retrospective study while incidence while refers to new cases identified is a more appropriate term for prospective cohort analysis,
Minor REVISION comments	It's better to give a definition to preeclampsia & how the diagnosis made In the result section (Risk Factors) The Percentage of Blood group type O was 39 but the author didn't explain that in the discussion section	This has been included though the focus is on abruptio placentae. Thank you
Optional/General comments	Regarding the tittle the Author can change it to Incidence of Abrobtio placenta among Nigerian Women Attending Port Harcourt Teaching Hospital	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
