PART 1: Review Comments

	Reviewer’s comment	Author’s comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	This is a nice review of the issues involved with the management and treatment of hydrocephalus. It is suggested that various old and new technologies still need to be improved, in order to actively treat the primary disease and control complications. Overall there is not much new here. The part on Chinese treatment options need clarification and improvement.	Thanks. It has added two tips about traditional Chinese medicine at the conclusion.
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer’s comment	Author’s comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
