PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The article raises a very interesting and important issue for the scientific community. The text is clearly exposed and structured. The results are displayed in detail and are easily understood. The methodology is suitable for this type of study. The conclusions have been written in a clear and simple way. The bibliography is pertinent. The author is only recommended to expand the conclusions, perhaps they are too summarized and could expose in greater detail what would be the prospective to follow.	The author is only recommended to expand the conclusions, perhaps they are too summarized and could expose in greater detail what would be the prospective to follow.
<u>Minor</u> REVISION comments	The author is only recommended to expand the conclusions, perhaps they are too summarized and could expose in greater detail what would be the prospective to follow.	
<u>Optional/General</u> comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Are there ethical issues in this manuscript?</u>	<u>(If yes, Kindly please write down the ethical issues here in details)</u>
