PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The authors present manuscript (Ms_IRJPAC_65688) "Field evaluation of Indofil Z-78 against Fruit rot (Colletotrichum sp.) and Leaf spot (Alternaria and Cercospora) disease of Pomegranate" to be considered as a original research article, in International Research Journal of Pure and Applied Chemistry. In general, the manuscript is well written and I believe this manuscript gives a good overview at the mentioned topic. Although all these positive points, I have some concerns, which I believe that should be considered before the Editor final decision. The authors failed regarding in relation some point of the article, such as tables, chart among others that are highlighted in the text of the manuscript.	Correction made Revised Done
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
