PART 1: Review Comments

	Reviewer’s comment	Author’s comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	1.Instructions for authors need to be considered. 2.Because at the end of the Introduction section the work purpose is missing, the last phrase of the Abstract can used also to reflect the work objectives. So, Based on these data, I appreciate that at the end of this section, the objectives of this review need to be written. Then, the review paper structure will be according to the objectives. 3.For Table 1 - please write in English every value: e.g. 3,621, not 3621. 4.Some used abbreviations should be explained, at their first apparition in text ((even if are known by the specialists).	All the suggestions of reviewer are considered. All the mistakes have been corrected. The recommendations by reviewers are very appreciable. It has helped a lot in improving this manuscript.
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer’s comment	Author’s comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
