

## Review Form 1.6

Journal Name:	<a href="#">Journal of Advances in Biology &amp; Biotechnology</a>
Manuscript Number:	Ms_JABB_87599
Title of the Manuscript:	Physicochemical Characterization of Cassava (Manihot esculenta) and Potato (Ipomea batatas) Varieties in Comparison with Agarose for use in the Separation of Deoxyribonucleic Acid.
Type of the Article	

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://journaljabb.com/index.php/JABB/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	The authors must be congratulated for their work and they should make minor changes to improve upon the delivery of the English language as I have made in a few places highlighted in yellow to support the authors. Conflict of interest statement is required. Ethical approval or committee approval statement and source of funding for the research project must be included. Acknowledgements – these should be included. The writing of each reference should be similar and must conform to the preferred referencing style of the journal. The year, the volume and edition, and the first and last page of each article should be included. Do avoid pp if possible.	Noted and corrected
<b>Minor</b> REVISION comments	See above	Ok
<b>Optional/General</b> comments	Well done	

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
