### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljaeri.com/index.php/JAERI/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<ul style="list-style-type: none"><li>- Tables should be correct as of the explained sample in the attached file.</li><li>- In the "Discussion Part": the discussion of the obtained results and other findings of other researchers was not clear enough, and the author discusses some other results as a part of historical review, but no real discussion. I believe that the discussion must be re-enhancement.</li><li>- The reference list must be justified, and the authors' names should be as identical as in the body text.</li></ul>	Corrections have been made
<b>Minor</b> REVISION comments	I prefer to add the name of the authors' country, <a href="#">Nigeria</a> in the title.	Agree
<b>Optional/General</b> comments		

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)	No ethical issues
