Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Abstract is too long. Maximum word count should be up to 250 words.</p> <p>Once the appearance of abbreviated words in full details is urgent recheck whole text. There are lots of words to be corrected in this regard.</p> <p>An abstract need sections such as introduction, objective and type of study, methodology, findings, and conclusion. So it needs to be reconstructed completely.</p> <p>Figures and tables must be referred in the text.</p> <p>The references of tables and figures need year of study.</p> <p>total gross domestic product (PIB)?</p> <p>The figures before the methodology chapter should be accommodated in right place of text and must be removed from introduction chapter. If this is a chapter of book ignore my comment.</p> <p>If this isn't a chapter of book please remove redundant words in methodology chapter and only keep the main methods.</p> <p>Please categorize the description and discussion of results for agricultural products to present well and summarize words.</p> <p>Please donot present the same data by both figure and table.</p> <p>Very well presentation of key points in conclusion chapter. Thanks.</p> <p>The text needs to be summarized and categorized for the discussed words in discussion chapter. If this is not a chapter of book please remove redundant words.</p> <p>A very excellent study. It emphasized us necessity in observing climate change regulations. Thank you for your research.</p>	<p>The summary could not be made shorter. Every effort was made however the information contained in the abstract is important. The revision of the abbreviations of words was carried out.</p> <p>The structured abstract was made.</p> <p>All tables and figures are referred to in the text.</p> <p>GDP was exchanged for Groos domestic product (GDP).</p> <p>There is no figure in the introduction section, it belongs to the results section.</p> <p>The first part of the methodology is the justification of why this methodology was used.</p> <p>The results of the agricultural products are organized according to their importance in terms of production.</p> <p>The results must be written in the text and presented as a summary in a table. Thanks</p> <p>The authors consider that the results and discussion section is well organized and structured.</p> <p>Thanks</p>
