PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	Kindly go through the manuscript once and incorporate all the suggested changes. Also explain how you select concentration of sugarcane and cotton residual filtrate.	Suggested changes have been incorporated into the manuscript. The concentration of the residual sugarcane and cotton filtrate was chosen after preliminary tests. These results, which were obtained from more than 10 different designs, showed that the ones chosen in the present manuscript induced the best polyphenol contents.
Optional/General comments		

PART 2:

	Reviewer's comment	
Are there ethical issues in this manuscript?	<u>(If yes, Kindly please write down the ethical issues here in details)</u>	no
