

Review Form 1.6

Journal Name:	Journal of Agriculture and Ecology Research International
Manuscript Number:	Ms_JAERI_88576
Title of the Manuscript:	Seed priming with proline and glycine betaine on germination, seedling growth, and photosynthetic pigments of rice (<i>Oryza sativa</i>) under chilling stress
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljaeri.com/index.php/JAERI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	1. study title should contained the study design and area in which study is conducted 2. Grammatical error need to be corrected. 3. Table should contain the p value and confidence interval	1. We improved the title as " Effects of seed priming with proline and glycine betaine on germination, seedling growth, and photosynthetic pigments of rice (<i>Oryza sativa</i>) under chilling stress" 2. According to the comments, we corrected the grammatical mistakes in the revised manuscript. 3. The whole procedure of data analysis was done at 5% level of significance. We added the value of standard error (SE) and used 'lettering' in case of individual value/obtained result for better understanding and clarification.
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
