<u>Compulsory</u> REVISION comments	-	
<u>Minor</u> REVISION comments	<p>Review report of the paper entitled “H PID control for discrete-time network control systems with redundant channels under dynamic event-triggered scheme”</p> <p>The article is well written, treat an actual problem in this paper is concerned with the proportional-integral-derivative (PID) control problem for a class of discrete-time network control systems (NCSs) and a dynamic event-triggered control (DETC) scheme introduced to save the constrained network bandwidth.</p> <ul style="list-style-type: none">➤ The author's names should appear in right format in the reference list. It should be modified as D. Ding, Z. Wang, B. Shen instead of D. Ding, Z. Wang, B. Shen, et al. It should be corrected.➤ Page no should be given in appropriate places in the reference section. It may be given 559-576 instead of 559C576. <p>I recommend that this paper be accepted after minor revision.</p>	Thank you very much for your careful inspection and patient review. We have corrected the author format and page number format of the references to standardize them as much as possible.
<u>Optional/General</u> comments	After the revision in order to overcome the above comments, the paper may be accepted for publication in Journal of Advances in Mathematics and Computer Science but not in the present form.
