

## Review Form 1.6

Journal Name:	<a href="#">Journal of Advances in Medicine and Medical Research</a>
Manuscript Number:	Ms_JAMMR_79558
Title of the Manuscript:	The Analgesic Efficacy of Ultrasound-Guided Fascia Iliaca Plane block after Hip Arthroplasty
Type of the Article	Original Research Article

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljammr.com/index.php/JAMMR/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments		
<b>Minor</b> REVISION comments	<p>The authors examined the Analgesic Efficacy of Ultrasound-Guided Fascia Iliaca Plane block after Hip Arthroplasty in 60 patients, reporting its efficacy and safety outcomes.</p> <ul style="list-style-type: none"><li>- Need to improve English language e.g., also, there were statistically significant Page 1. Need lost of grammar edits.</li></ul> <p>Abstract Results: what are group 1 and group 2? Page 1</p> <p>Methods Describe detailed methods of Ultrasound guided fascia iliaca block with relevant figures. Page 3 Discussion is required to improve as it involves only a description of other studies instead of comparing and discussing why the studies have different or same results.</p>	<ul style="list-style-type: none"><li>- Proofread.</li><li>- done</li><li>- done</li><li>- done</li></ul>
<b>Optional/General</b> comments		

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)	Nil
