PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Good and short paper but the structure of the paper needs to be revised. The paper should be restructuring in this other: (1) Introduction (2) Review of related studies (3) gap in that the study need to fill or contribution of the study to knowledge (4) conclusion (5) recommendation.	The restructuring made as advised
<u>Minor</u> REVISION comments	All the citations and references were wrong. Please stick to either the 6th or 7th edition of the APA style of referencing. The reviewed studies are included shallow and there is need to add some.	References corrected . No too many studies on this field currently
<u>Optional/General</u> comments	The study needs substantial Formatting and proof reading among others.	Proof reading done

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
