PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Authors could explain why only 83 patients were selected for the study and also why only 2 years were selected and not longer. If the inclusion period of study could be 5 years – the numbers of patients for the study would be larger and hence, perhaps the results may be more valuable and significant</p> <p>Authors can attempt to discuss further the cons of their paper and perhaps the reason behind the lack of significance of their results</p>	<p>85 PATIENTS WERE SEEN WITHIN THE ONE YEAR STUDY PERIOD.</p> <p>THE TIME FRAME FOR THE STUDY IS TWO YEARS. THIS IS PREMISE ON AVAILABILITY OF RESOURCES AND MATERIALS FOR THE STUDY.</p> <p>A LONGER STUDY PERIOD COULD NOT BE CONSIDERED AT THIS MOMENT, HOWEVER THIS WOULD BE CONSIDERED FOR FUTURE STUDY.</p> <p>THE SMALL SAMPLE SIZE MAY PERHAPS BE A REASON FOR LACK OF SIGNIFICANCE</p> <p>(Add what is in the limitation for the study)</p>
Minor REVISION comments	Kindly review the English grammatical and spelling errors. To also pay attention to the sentence structure.	The grammatical and spelling errors have been corrected
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
