

Review Form 1.6

Journal Name:	Journal of Experimental Agriculture International
Manuscript Number:	Ms_JEAI_87073
Title of the Manuscript:	Soil erosion rate and surface runoff on various forms of culture
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljeai.com/index.php/JEAI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Nothing	Thank you for the positive feedback
<u>Minor</u> REVISION comments	Nothing	Thank you for the positive feedback
<u>Optional/General</u> comments	<ul style="list-style-type: none">- Studying the rate of soil erosion and water runoff and the type of vegetation that can protect the soil from erosion and runoff is a topic that deserves study and research.- The researcher reached an important result, which is the vegetation cover represented in the cultivation of cocoa better than peanuts and corn.- Data analysis is very clear especially equation surface runoff.- Graphs illustrating the relationship between Rainfall and Soil Erosion in Cocoa Peanut and corn Land are clear.	Thank you for the positive response, but there are some parts that have been corrected according to what is written in yellow

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i><u>(If yes, Kindly please write down the ethical issues here in details)</u></i>
