PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The first aspect to be considered is to respect the scope of the journal, in this case, especially, how the citations should be made, both direct and indirect.	Relevant research close to the topic of my manuscript has been cited
Minor REVISION comments	I believe that the authors can further discuss their results and exemplify with other authors who have found the same results. My suggestion, after the manuscript is ready, it would be interesting to go through a language professional to correct the text.	There are no applied studies with the same selected research sample and with the same variables Completed
Optional/General comments	Good Job!	Thank you very much for the comments provided

PART 2:
