PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Expand the abstract and write a few lines on the result. Please mention the timeline of the study.	Ok
Minor REVISION comments	.The paper lacks novelty and continuity in the analysis and provides general findings.  2. Abstract need to be expanded and the outcome of the study must be included.  3. The introduction section is poorly written and very few references have been cited. The author is advised to rewrite the section conceptualizing the theme of the research citing the latest research papers. A literature review of the similar studies performed may be summarized in the introduction section for a better understanding of the theme. 4. Some recently updated references need to be added. 6. Statement of problem section may be short and clubbed with the introduction part to give a holistic picture of the theme.	Noted  Revision made accordingly  Revision done  Noted
Optional/General comments	I have reviewed the Manuscript Ms_JESBS_82761 entitled “ Validation of the Multidimensional Scale of Perceived Social Support on Nigerian Female Undergraduates ” and found it relevant for the journal. It may be published after certain modifications outlined in the General remarks and recommendations for the Author section. The research addresses a very important theme and certainly going to contribute to the study discipline.	Ok

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
