

Review Form 1.6

Journal Name:	Journal of Geography, Environment and Earth Science International
Manuscript Number:	Ms_JGEESI_87093
Title of the Manuscript:	DISTRIBUTION OF TRACE METALS IN BIOTA, SEDIMENTS, AND WATER FROM A POLLUTED MANGROVE SWAMP IN RIVERS STATE
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalgeesi.com/index.php/JGEESI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	<p>- In the summary part, some physico-chemical parameter analysis results measured in water should be interpreted.</p> <p>- in my opinion; authors should be keywords:</p> <p>Heavy metals (Pb, Cd, As), Physico-chemical parameters, Niger Delta, water, sediment, <i>Periophthalmus papillio</i>, Public healt, Environmental Factors</p> <p>-Authors should be write which tissues of did <i>Periophthalmus papillio</i></p> <p>Authors check these references again.</p>	The Physico-chemical parameter analysis results measured in water have been interpreted in the summary part and every other issue has been handled as well.
<u>Optional/General</u> comments	In my opinion this article is important at Niger Delta. Especially heavy metals studies are important on fish, water and sediment	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
