EDITORIAL COMMENT’S on revised paper (if any)	Authors’ response to editor’s comments
1. In the tables, "Quantities" section is not complete. Author should indicate some number or "ND" if Not Detected. 2. The figures 1a and 2b are unreadable. Authors need to attach a high resolution figure and/or delete some unnecessary numbers from the figure. 3. Authors need to highlight the changes made in the manuscript.	Acknowledge I have revised and made the necessary corrections Regards
