### **PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<ul style="list-style-type: none"> <li>- The discussion section of the article is too short. It is better to compare with the results of other similar researches</li> <li>- In the conclusion section, a summary of the title and purpose of writing this article and the results obtained should be stated</li> </ul>	Revised
<b>Minor</b> REVISION comments	<ul style="list-style-type: none"> <li>- There are writing errors in writing the text. Leave a space between the text and the parentheses / commas and the dot at the end of the sentence</li> <li>- The title of the figures is too long. Shorten the titles and write more details in the text of the article</li> <li>- At the top of the figures are titles in the form of questions. The title should be moved below the figures and taken out of the question mode and expressed in the form of a sentence with the title introduction of the figure.</li> </ul>	I have corrected all the correction that you have mention.
<b>Optional/General</b> comments		

### **PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
