PART 1: Review Comments

	Reviewer’s comment	Author’s comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The article is of great importance to the field of parenting. It would be useful to add the description of the problems and the compatible hypothesis after the introductory section. A section on participants should be added where some parts of the methodology can be described. Appropriate statistical analysis should be added to the results, and the discussion section should be revised to compare the results obtained with the findings of the current literature.	Recommended changes are done.
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments		

PART 2:
