PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	-The author did not present his results well and was satisfied with some figures without any explanation. Must rewrite the results (see my comments on the manuscript) -The discussion was very poor, its need to be written in a new way, the author should discuss the study results, not the other authors' study. Sometimes the author talked about not related things. See my comments on the manuscript	Corrections done
<u>Minor</u> REVISION comments	There are lots of minor issues such as scientific name should be written in italic, upper case and lowercase, need abbreviation table, list of reference should be consistent with the journal style. I wrote a lot of minor issues in the manuscript so please check and correct it.	Corrections done
<u>Optional/General</u> comments
