PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>In figure 3 the interpretation states that the students were satisfied with online mode of teaching but in Figure 1 & 2 contradictory statements are made stating there were lot of distractions and academic performance suffered due to online teaching respectively.</p> <p>More relevant questions must be asked with respect to courses and teachers.</p>	Though there was lots of distractions as stated by first 2 graphs, the students had no other choice, hence they adapted to the new mode of online teaching
Minor REVISION comments		
Optional/General comments	The sample size is too low.	We will increase the sample size in our future studies. Thank you for your valuable suggestions
