

## Review Form 1.6

|                          |  |
|--------------------------|--|
| Journal Name:            | <a href="#">Journal of Pharmaceutical Research International</a>           |
| Manuscript Number:       | Ms_JPRI_79375  |
| Title of the Manuscript: | Congenital Anomalies of Kidney and Urinary Tract (CAKUT)-Literature Review |
| Type of the Article      | Review Article   |

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

### **PART 1:** Review Comments

|  | Reviewer's comment  | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)  |
|--|---|--|
| <b><u>Compulsory</u></b> REVISION comments |   |  |
| <b><u>Minor</u></b> REVISION comments      | a.Abstract: It is better to first explain the definition of CAKUT<br>b.. For discussion, it should be explained by paragraph according to the objectives, namely:<br>1. To find out the incidence of CAKUT.<br>2. To find out common sites for renal stone formation.<br>3. To find out the correlation between congenital anomalies of kidneys and urinary tract (CAKUT) with renal stone formation. | a. Abstract is about overview of article. The definition of CAKUT is very well defined in the very first sentence of the introduction.<br>b. discussion is paragraph wise only as depicted by the respected reviewer.<br>Objectives modified as per instructions of respected reviewer |
| <b><u>Optional/General</u></b> comments    | Basically this manuscript can be published after minor revisions have been made   | Thank you  |

### **PART 2:**

|  | Reviewer's comment  | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
