PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Abstract should be Revised and should be in single paragraph. SARS- COV2 should be written first in full before continuously using the acronym consistently. Keywords are many and should be within the journal guidelines. Introduction should be moved to a fresh page. Aim of the study should be expanded Objective(s) should more than one. Conclusion should be moved to fresh page. Bibliography should strictly follow the journal guidelines	Dear Editor, Thank you for review my paper I made corrections as per your suggestions.
Minor REVISION comments	Typo-graphical errors and spelling errors should be corrected Tables and figures should be considered to aid better explanation and understanding	
Optional/General comments	The general idea is good, however organizational structure is lacking. The studies should have distinct organization with consideration of the journal guidelines	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
