PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Dear author please: In the reference section, instead of using the word BIBLIOGRAPHY, replace the word REFERENCE. Since part of the article focuses on mucormycosis and it is mentioned in keywords, it should be discussed in the abstract, introduction and conclusion section.	Dear Editor, I made corrections as per your suggestions. Thank you for review my paper.
<u>Minor</u> REVISION comments	In the keyword section, refer to the main and important keywords related to the research For example, instead of writing diabetes and disease separately, write each as a keyword. Diabetes mellitus	
<u>Optional/General</u> comments	<ol style="list-style-type: none">1. Organizing and structuring very well-formed content2. The relevance of the content and its coherence is appropriate and answers the reader's questions about the relationship between COVID-19 and diabetes.3. It is better to mention the review article in front of the title	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
