### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

### **PART 1:** Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b><u>Compulsory</u></b> REVISION comments	Figure 4: Other important things to do than hand washing: A good number of participants aggress or are neutral to the question. In discussion this needs to be explored, if possible in context of Hand Hygiene audit and profession wise distribution and finding a possible remedy in the recommendation section of the article.	Comment accepted and considered
<b><u>Minor</u></b> REVISION comments	To make the conclusion more robust the discussion part may be rewritten focusing on Practice part of Knowledge attitude and practice as in most part of the world is struggling with A/P part.	Comment accepted and considered
<b><u>Optional/General</u></b> comments		

### **PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
