PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<ul style="list-style-type: none">- The title was modified to be more impressive to the idea of the manuscript.- The abstract has many linguistic problems, it was nearly totally revised by the reviewer.- Accordingly, similarly the introduction needed to be re-written guided by what had been done in the abstract.- Most of what had been written under the discussion need to be written under the results. And the discussion accordingly rephrased conveyed from the obtained results. <p>Most of the above comments were done as a track review within the office file of the manuscript itself that will be sent in the reply as office attachment with this review form.</p> <p>Thank you</p>	Corrections have been made accordingly
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments		

PART 2:
