PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The COVID 19 pandemic has been effective all over the world. In this study, the knowledge of a certain group about this disease was checked. Some revisions should be made: The method should be given in more detail, participants, survey questions etc. The explanations of abbreviations should be made where were first given. For example MBBS etc. No statistical analysis was made for the study. References should be given according to author guidelines. English spelling mistakes should be corrected.	Comment accepted and considered Revision made
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
