Type of the Article	Review Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalprijournal.com/index.php/JPRI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<p>[1] English grammar and punctuation should be carefully revised.</p> <p>[2] This manuscript is a review. A brief methodological section is highly relevant for academic purposes, stating the nature of the review (narrative or comprehensive, in the current case) and the sources (retrieved biomedical databases, languages, timeframe of publications, eventual reason for article exclusions, etc.)</p> <p>[3] A very important factor in terms of outdoor physical activity is sun exposition and vitamin D synthesis, which has been reported as an immunological enhancer in COVID-19 patients. At least a brief comment on this topic seems mandatory.</p>	<p>Dear reviewer, I have made all the corrections as per your suggestions. Thank You</p>
<u>Minor</u> REVISION comments	<p>[1] Strengths and limitations of the review should be mentioned.</p>	
<u>Optional/General</u> comments	None	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
