### **PART 1:** Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b><u>Compulsory</u></b> REVISION comments	<p>These kinds of reviews are lately increasing just collecting references without any authors concrete views, I always wonder if it is a scientific paper or essay? It does not contribute to science field but to ordinary citizens who have interest to this field.</p> <p>More revision is required to make fascinating paper by enforcing on contents citing some table and figure. I am interested in the India traditional medicines against intractable diseases and expecting much to develop effective therapy from herbal materials in future.</p>	<p>This review paper compiles the herbal formulation available in the Indian Market for rheumatoid arthritis treatment. Through this review paper, society will come to know about the different herbal formations which are based on herbal therapy and can get useful information about all major herbal products available in the market.</p>
<b><u>Minor</u></b> REVISION comments		
<b><u>Optional/General</u></b> comments
